

PTT PUBLIC COMPANY LIMITED

INVITATION TO BID FOR EPCC CONTRACTOR

**WASTE HEAT RECOVERY SYSTEM FOR GSP5 PROJECT
PTT GAS SEPARATION PLANT RAYONG**

PTT Public Company Limited (PTT) is undertaking the Waste Heat Recovery System for Gas Separation Plant No.5 (GSP5) Project (WHRS Project) at Rayong Gas Separation Plant in order to decrease the fuel gas consumption in GSP5.

PTT is searching for a highly qualified EPCC Contractor to carry out the WHRS Project. The scope of works includes installation of the new Waste Heat Recovery Units (WHRU) and tie-ins to the existing hot oil system. The Project is planned to complete Performance Acceptance Test within 26 months after Award of Contract. To participate in the bidding, Bidders shall provide the list of all projects which have following areas of experience;

- **Experience of at least one (1) completed Project for Engineering, Procurement, Construction and Commissioning for Waste Heat Recovery Unit (WHRU) located inside Gas Separation Plant or Petrochemical Plant or Refinery Plant or Power Plant projects.**
- **Experience of at least one (1) completed Project for Engineering, Procurement, Construction and Commissioning in live plant inside the Gas Separation Plant or Petrochemical Plant or Refinery Plant or Power Plant Project.**

Note: Only the experiences since year 2002 will be considered.

The bidding documents will be available to the bidder's authorized representative who appear in person with original power of attorney for purchasing the bid document and original of ID card (Thai) or Passport during business hours (09:30 - 15:00 local time) from **20-24 February, 2012** at:
