

Linkage with the United Nations Sustainable Development Goals, Indicators, Targets, and Performance of PTT in 2023

3 Good Health and Well Being

PTT is dedicated to creating a community with good well-being and a conducive work environment, promoting health, reducing pollution exposure, and minimizing road accidents.

SDGs Targets	PTT's 2023 Indicators	2023 Target	2023 Result	Examples of related projects
--------------	-----------------------	-------------	-------------	------------------------------

 <p>Target 3.4 By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being</p>	Total Recordable Occupational Illness Rate (TROIR) per 200,000 hours worked for employees	≤ 0.084	0	<ul style="list-style-type: none"> Health Risk Assessment (HRA) Project Non-Communicable Diseases (NCDs) Project 	 Page 174  Additional information
 <p>Target 3.9 By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution and contamination</p>					

 <p>Target 3.6 By 2020, halve the number of global deaths and injuries from road traffic accidents</p>	<ul style="list-style-type: none"> Major car accidents Major truck accident rate (time per 1,000,000 kilometers) 	0 0	1 0	<ul style="list-style-type: none"> Advanced Safety Vehicle (ASV) Installation Manage contract of product transportation to monitor driving behavior in company's car fleet, ensuring compliance of safety, occupational health, and environmental criteria Conduct regular supplier audits of work practices according to the PTT Group Road Safety Management Guideline (RSMG) 	 Page 174  Additional information
--	--	--------	--------	--	--

6 Clean Water and Sanitation

PTT is committed to sustainable water management, emphasizing the comprehensive management of water resources for production processes and wastewater and protecting and restoring water-related ecosystems.

SDGs Targets	PTT's 2023 Indicators	2023 Target	2023 Result	Examples of related projects
--------------	-----------------------	-------------	-------------	------------------------------

 <p>Target 6.3 By 2030, improve water quality by reducing pollution, eliminating dumping and minimizing release of hazardous chemicals and materials, halving the proportion of untreated wastewater and substantially increasing recycling and safe reuse globally</p>	<ul style="list-style-type: none"> The number of incident that water effluent from PTT facilities does not comply with the legal requirements 	0	0	<ul style="list-style-type: none"> Design and implement equipment/ technologies for preventing, controlling, and reducing pollutants at source, including treating and disposing of effluents as mandated by law 	 Additional information
---	--	---	---	---	---

SDGs Targets	PTT's 2023 Indicators	2023 Target	2023 Result	Examples of related projects	
 <p>Target 6.4 By 2030, substantially increase water-use efficiency across all sectors and ensure sustainable withdrawals and supply of freshwater to address water scarcity and substantially reduce the number of people suffering from water scarcity</p>	<ul style="list-style-type: none"> Water consumption intensity (liter per person per day) for office building Freshwater withdrawal intensity (cubic meter per ton of product) for the Natural Gas Separation Plants 	<p>≤ 144</p> <p>≤ 0.291</p>	<p>124</p> <p>0.257</p>	<ul style="list-style-type: none"> Greywater Recycle: The used water from handwashing is treated and recycled for reuse for sanitation purposes Unit 5 natural gas separator utilizes wastewater from dehydration as makeup water for the Acid Gas Removal Unit (AGRU) 	 Page 169  Additional information
 <p>Target 6.5 By 2030, implement integrated water resources management at all levels, including through transboundary cooperation as appropriate</p>				<ul style="list-style-type: none"> Water supply management Water demand management <p>Further details can be found in Form 56-1 One Report, Part 3: Driving Business towards Sustainability, Section 1: Business Operations and Performance</p>	

SDGs Targets	PTT's 2023 Indicators	2023 Target	2023 Result	Examples of related projects	
 <p>7 Affordable and Clean Energy PTT aims to develop a sustainable clean energy system, focusing on increasing investment in renewable energy and controlling greenhouse gas emissions.</p>					
 <p>Target 7.1 By 2030, ensure universal access to affordable, reliable and modern energy services</p>	<ul style="list-style-type: none"> Increasing the investment in the renewable energy business 	<p>15 GW by 2030, up from the previous 12 GW</p>	<p>4.9 GW</p>	<ul style="list-style-type: none"> Establishing a subsidiary of PTT to support investment and development of renewable energy projects The implementation of solar panels in the work area to harness renewable energy as an alternative to electricity sourced from the grid Transitioning to electric cars instead of internal combustion engine vehicles 	 Page 158  Additional information
 <p>Target 7.2 By 2030, increase substantially the share of renewable energy in the global energy mix</p>					
 <p>Target 7.3 By 2030, double the global rate of improvement in energy efficiency</p>	<ul style="list-style-type: none"> Control greenhouse gas (GHG) emissions by reducing PTT's GHG emissions by 2030 compared to the emissions in 2020 	<p>15% by 2030</p>	<p>Currently in progress</p>	<ul style="list-style-type: none"> Projects aligned with the 3P Decarbonization Pathways, focusing on accelerating the optimization of production processes (Pursuit of Lower Emissions), such as: The unlocking project of the Carbon Dioxide Removal Unit (CDU) of Unit 5 and 6 in the Natural Gas Separation Plant, which involves optimizing the solvent composition suitable for carbon dioxide removal, can reduce energy consumption and carbon dioxide emissions 	 Page 163  Additional information

8 Decent Work and Economic Growth

PTT promotes sustainable economic growth, fosters a favorable working environment while upholding human rights principles enhances workforce development to support business growth, and promotes future economic prospects.

SDGs Targets	PTT's 2023 Indicators	2023 Target	2023 Result	Examples of related projects	
 <p>Target 8.1 Sustain per capita economic growth in accordance with national circumstances and, in particular, at least 7 percent gross domestic product growth per annum in the least developed countries</p>	<ul style="list-style-type: none"> Long-term goals for 2030: Business Growth: Expand growth in the energy business with potential 	<ul style="list-style-type: none"> LNG business: 9 million tons per year 5-gigawatt electricity business 15-gigawatt renewable energy business 	-	<ul style="list-style-type: none"> Investments to expand and execute business plans according to the PTT's business vision 	 Page 160, 191  Additional information
 <p>Target 8.2 Achieve higher levels of economic productivity through diversification, technological upgrading and innovation, including through a focus on high-value added and labor-intensive sectors</p>	<ul style="list-style-type: none"> Long-term goals for 2030: New Growth: Achieve net profit from the growth in future energy and new businesses beyond energy 		Currently in progress		
 <p>Target 8.3 Promote development-oriented policies that support productive activities, decent job creation, entrepreneurship, creativity and innovation, and encourage the formalization and growth of micro-, small- and medium-sized enterprises, including through access to financial services</p>	<ul style="list-style-type: none"> Performance indicators and progress will be reported in detail in the 56-1 One Report for 2023 under the Innovation and Technology section 			<ul style="list-style-type: none"> Projects include research, development, and advancements in various sciences, technologies, and innovations Various social enterprise projects 	
 <p>Target 8.4 Improve progressively, through 2030, global resource efficiency in consumption and production and endeavour to decouple economic growth from environmental degradation, in accordance with the 10 Year Framework of Programmes on Sustainable Consumption and Production, with developed countries taking the lead</p>	<ul style="list-style-type: none"> Applying the principle of the circular economy in the PTT Group's business operation according to BS8001:2017 Increase the volume of waste managed through circular practices by PTT Group 	<ul style="list-style-type: none"> Level 3 by 2030 ≥ 42% 	<ul style="list-style-type: none"> 2.67 42% 	<ul style="list-style-type: none"> Proper waste management ensures non-hazardous waste disposal Waste management stemming from the utilization of products within PTT Group Studying the PTT Group's waste database to support the zero waste goal 	 Additional information
 <p>Target 8.8 Protect labor rights and promote safe and secure working environments for all workers, including migrant workers, in particular women migrants, and those in precarious employment</p>	<ul style="list-style-type: none"> Lost Time Accident (LTA) Rate Total Recordable Injuries Rate (TRIR) per 200,000 hours worked Process Safety Event (PSE) 	<ul style="list-style-type: none"> Employees = 0 Contractors = 0 Employees ≤ 0.046 Contractors ≤ 0.056 Tier 1 = 0 	<ul style="list-style-type: none"> 0 3 0.033 0.028 0 	<ul style="list-style-type: none"> Implementing projects to cultivate a safety culture across various work areas PTT Safety Risk Assessment & Assurance involves conducting inspections and assessments to evaluate risks and ensure safety measures in PTT's operational areas The implementation of Process Safety Management (PSM) for PTT's operations, applying safety management practices from the manufacturing process to operational areas 	 Page 174  Additional information

SDGs Targets	PTT's 2023 Indicators	2023 Target	2023 Result	Examples of related projects
 <p>Target 8.5 By 2030, achieve full and productive employment and decent work for all women and men, including for young people and persons with disabilities, and equal pay for work of equal value</p>	<ul style="list-style-type: none"> Human rights violation, including labor rights violation 	0	0	<ul style="list-style-type: none"> Adhering humanrights principles as started in the PTT Human Rights Statement throughout the value chain Develop and implement a human rights management framework within PTT Group Conduct an initiative to increase awareness of human rights among employees and stakeholders
 <p>Target 8.7 Take immediate and effective measures to eradicate forced labour, end modern slavery and human trafficking and secure the prohibition and elimination of the worst forms of child labour, including recruitment and use of child soldiers, and by 2025 end child labour in all its forms</p>	<ul style="list-style-type: none"> Human rights violation, including labor rights violation 	0	0	

 Additional information

 **9 Industry, Innovation and Infrastructure** PTT drives sustainable development of infrastructure and industries, emphasizing the promotion of technology and innovation and prudent investment in relevant infrastructure.

SDGs Targets	PTT's 2023 Indicators	2023 Target	2023 Result	Examples of related projects
 <p>Target 9.4 By 2030, upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes, with all countries taking action in accordance with their respective capabilities</p>	<ul style="list-style-type: none"> Foster growth by increasing the investment share in future energy businesses, and newer ventures beyond energy, such as renewable energy and logistics, must be increased 	> 30% by 2030	Currently in progress	<ul style="list-style-type: none"> Investments, expansion, and execution of business plans will be aligned with the PTT's business vision
 <p>Target 9.5 Enhance scientific research, upgrade the technological capabilities of industrial sectors in all countries, in particular developing countries, including, by 2030, encouraging innovation and substantially increasing the number of research and development workers per 1 million people and public and private research and development spending</p>	<ul style="list-style-type: none"> Performance indicators and progress will be reported in detail in the 56-1 One Report for 2023 under the Innovation and Technology section 			<ul style="list-style-type: none"> Projects include research, development, and advancements in various sciences, technologies, and innovations

 Additional information

12 Responsible Consumption and Production

PTT is committed to promoting sustainable production and consumption, focusing on resource efficiency, adhering to circular economy principles, conducting environmentally friendly business operations, and elevating sustainable supply chain management.

SDGs Targets	PTT's 2023 Indicators	2023 Target	2023 Result	Examples of related projects	
 <p>Target 12.2 By 2030, achieve the sustainable management and efficient use of natural resources</p>	<ul style="list-style-type: none"> Water consumption intensity (liters per person per day) for office buildings Freshwater withdrawal intensity (cubic meters per ton of product) for natural gas separation plants 	<p>≤ 144</p> <p>≤ 0.291</p>	<p>124</p> <p>0.257</p>	<ul style="list-style-type: none"> Greywater Recycle: The used water from handwashing is treated and recycled for reuse for sanitation purposes 	 Page 169  Additional information
 <p>Target 12.4 By 2020, achieve the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment</p>	<ul style="list-style-type: none"> Applying the principle of the circular economy in PTT Group's business operation according to BS8001:2017 Increase the volume of waste managed through circular practices by PTT Group Number of occurrences of oil and chemical leaks by Target 6.3 Percentage of industrial hazardous waste to landfill to total hazardous waste Percentage of industrial non-hazardous waste to landfill to total non-hazardous waste 	<p>Level 3 by 2030</p> <p>≥ 42%</p> <p>0</p> <p>0</p>	<p>2.67</p> <p>42%</p> <p>0</p> <p>0</p>	<ul style="list-style-type: none"> Unit 5 natural gas separator utilizes wastewater from dehydration as makeup water for the Acid Gas Removal Unit (AGRU) Proper waste management ensures non-hazardous waste disposal Waste management stemming from the utilization of products within PTT Group The sustainability guidelines provided on the website execute projects aimed at pollution prevention/reduction from pollution sources and minimizing oil and chemical spills 	 Page 169  Additional information
 <p>Target 12.5 By 2030, substantially reduce waste generation through prevention, reduction, recycling and reuse</p>					
 <p>Target 12.6 Encourage companies, especially large and transnational companies, to adopt sustainable practices and to integrate sustainability information into their reporting cycle</p>	<ul style="list-style-type: none"> The predefined plan governs the application of sustainable standards and practices, such as ISO 26000, GRI, and UNGP The 56-1 One Report is prepared, integrating sustainability data outlined in the plan 	<p>Achieved the targets</p> <p>Achieved the targets</p>	<p>Achieved the targets</p> <p>Achieved the targets</p>		 Page 136  Additional information
 <p>Target 12.a Support developing countries to strengthen their scientific and technological capacities to move towards more sustainable patterns of consumption and production</p>	<ul style="list-style-type: none"> Increase the net revenue of the Innovation for Community Project compared to the baseline 	<p>≥ 10%</p>	<p>> 10%</p>	PTT Group Innovation for Happiness Project	
 <p>Target 12.7 Promote public procurement practices that are sustainable, in accordance with national policies and priorities</p>	<ul style="list-style-type: none"> Sustainable procurement practices are implemented, with suppliers' sustainability assessments conducted per the established plan 	<p>Achieved the targets</p>	<p>Achieved the targets</p>	Supply chain management is systematically administered as detailed on the company's website	 Additional information

13 Climate Action

PTT is committed to addressing climate change. It focuses on driving businesses towards low-carbon societal goals and conducting environmentally friendly operations.

SDGs Targets	PTT's 2023 Indicators	2023 Target	2023 Result	Examples of related projects
 Target 13.1 Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries	<ul style="list-style-type: none"> PTT conserves 1 million rai of the forest through the reforestation project of 1 million rai in honor of His Majesty the late King Bhumibol Adulyadej since 1994 PTT has planted 1 million rai of new forests and another 1 million rai in collaboration with PTT Group by 2030 	75,000 rai	86,173 rai	<ul style="list-style-type: none"> Reforestation project of 1 million rai in honor of His Majesty the late King Bhumibol Adulyadej “Ignite the Power of Life, Turn the Forest from 1 Seedling to the 2nd Million” Project to restore the environment and enhance carbon dioxide absorption, natural methods are employed to increase carbon dioxide sequestration sources “Breath for the City” project aims to plant 100,000 trees and create green spaces in Bangkok
 Target 13.2 Integrate climate change measures into national policies, strategies and planning	Control greenhouse gas (GHG) emissions by reducing PTT's emissions by 15% by 2030 compared to the GHG emissions released in 2020	15% by 2030	-	<ul style="list-style-type: none"> Projects aligned with the 3P Decarbonization Pathways
 Target 13.3 Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning

 Additional information

14 Life Below Water

PTT is dedicated to promoting and supporting the sustainable utilization of marine resources. It emphasizes preventing and reducing marine pollution from chemical leaks and managing to minimize impacts on marine and coastal ecosystems.

SDGs Targets	PTT's 2023 Indicators	2023 Target	2023 Result	Examples of related projects
 Target 14.1 By 2025, prevent and significantly reduce marine pollution of all kinds, in particular from land-based activities, including marine debris and nutrient pollution	<ul style="list-style-type: none"> Oil and chemical spills The number of occurrences of oil and chemical spills into the environment with a volume greater than 1 barrel but not exceeding 100 barrels The number of incident that water effluent from PTT facilities does not comply with the legal requirements 	0 0 0	0 0 0	<ul style="list-style-type: none"> Designing and installing advanced equipment/technology for detecting and responding to spills, including preventing spills into the environment Conducting emergency response drills for oil and chemical spills within the company and in collaboration with relevant government and private sector agencies Membership in Oil Spill Response Limited (OSRL), an international organization assisting in containing and cleaning up oil spills at sea Developing data and visualize the results of spatial impact studies for coastal environmental management in the Rayong Province area
 Target 14.2 By 2020, sustainably manage and protect marine and coastal ecosystems to avoid significant adverse impacts, including by strengthening their resilience, and take action for their restoration in order to achieve healthy and productive oceans	<ul style="list-style-type: none"> PTT conserves 1 million rai of the forest through the reforestation project of 1 million rai in honor of His Majesty the late King Bhumibol Adulyadej since 1994 PTT has planted 1 million rai of new forests and another 1 million rai in collaboration with PTT Group by 2030 	75,000 rai	86,173 rai	<ul style="list-style-type: none"> Reforestation project of 1 million rai in honor of His Majesty the late King Bhumibol Adulyadej “Ignite the Power of Life, Turn the Forest from 1 Seedling to the 2nd Million” Project to restore the environment and enhance carbon dioxide absorption, natural methods are employed to increase carbon dioxide sequestration sources “Breath for the City” project aims to plant 100,000 trees and create green spaces in Bangkok

15 Life on Land

PTT is steadfast in conserving, protecting, restoring, and sustainably utilizing terrestrial ecosystems. We focus on continuous forest maintenance and reforestation efforts to achieve Net Zero Emissions goals. We aim to reduce degradation, restore ecosystems, and enhance opportunities for them to return to their original state.

SDGs Targets	PTT's 2023 Indicators	2023 Target	2023 Result	Examples of related projects
 Target 15.2 By 2020, promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase afforestation and reforestation globally	<ul style="list-style-type: none"> • PTT conserves 1 million rai of the forest through the reforestation project of 1 million rai in honor of His Majesty the late King Bhumibol Adulyadej since 1994 • PTT has planted 1 million rai of new forests and another 1 million rai in collaboration with PTT Group by 2030 	75,000 rai	86,173 rai	<ul style="list-style-type: none"> • Reforestation project of 1 million rai in honor of His Majesty the late King Bhumibol Adulyadej • “Ignite the Power of Life, Turn the Forest from 1 Seedling to the 2nd Million” Project to restore the environment and enhance carbon dioxide absorption, natural methods are employed to increase carbon dioxide sequestration sources • “Breath for the City” project aims to plant 100,000 trees and create green spaces in Bangkok
 Target 15.4 By 2030, ensure the conservation of mountain ecosystems, including their biodiversity, in order to enhance their capacity to provide benefits that are essential for sustainable development				
 Target 15.5 Take urgent and significant action to reduce the degradation of natural habitats, halt the loss of biodiversity and, by 2020, protect and prevent the extinction of threatened species				

 Page 164

16 Peace Justice and Strong Institution

PTT is unwavering in conducting our business with integrity, transparency, and accountability, ensuring adherence to good governance principles and ethical business practices.

SDGs Targets	PTT's 2023 Indicators	2023 Target	2023 Result	Examples of related projects
 Target 16.5 Substantially reduce corruption and bribery in all their forms	Incidents of non-compliance with regulations, rules, and directives	0	0	Announce the implementation of anti-corruption and anti-collusion policies at PTT, including the No Gift Policy, which prohibits the acceptance of gifts on all occasions
 Target 16.6 Develop effective, accountable and transparent institutions at all levels	Incidents of non-compliance with regulations, rules, and directives	0	0	Renew the certification for membership in the Thai Private Sector Collective Action Against Corruption for the fourth term
 Target 16.7 Ensure responsive, inclusive, participatory and representative decision-making at all levels	Incidents of non-compliance with regulations, rules, and directives	0	0	Summarize the annual evaluation of the effectiveness and efficiency of the internal control system, overseeing departments regularly
 Target 16.9 Promote and enforce non-discriminatory laws and policies for sustainable development	Incidents of non-compliance with regulations, rules, and directives	0	0	Conducting legal training and public relations activities to disseminate information regarding laws and regulations relevant to PTT's business operations through various channels, including internal email communication and E-learning courses
